PW SKILLS

Introduction to

EXCEL

- Interface
- Data Entry
- Basic Functions

INSTRUCTIONS

- Use the provided dataset.
- Perform all tasks in Microsoft Excel only.
- Create separate sheets wherever required.
- Maintain proper formatting and structure
- Submit the Excel file with all solutions.

Dataset Link : Sales_dataset

TASK 1:
TOTAL SALES CALCULATION

- Create a new column named “**Total Sales**” and calculate:
- Total Sales = Quantity × UnitPrice
- Apply the formula to all records.

TASK 2:
DATA FORMATTING

Apply the following formatting:

- Header row →**Bold and Center aligned**
- UnitPrice & Total Sales→**Currency format**
- Apply **borders** to the entire dataset
- Adjust column widths for readability

TASK 3:
SUMMARY CALCULATIONS

Create a summary section and calculate:

- Total Quantity Sold
- Average Quantity
- Maximum Quantity
- Minimum Quantity

Use appropriate Excel functions

TASK 4:
SORTING

Sort the dataset using:

- Region → A to Z
- Product →A to Z

Save the sorted data in a new sheet named “**Sorted Data**”.

TASK 5:
FILTERING

Apply filters to:

- Show only Notebook products
- Further filter where Quantity = 10

Copy the filtered data into a new sheet named “**Filtered Data**”.

TASK 6:
COUNTING RECORDS

Using functions, calculate:

- Total number of orders
- Number of orders in **North region**
- Count Pen orders in **South region**

TASK 7:
REGION-WISE SUMMARY

Create a table in new sheet:

| Region | Total Quantity | Total Sales |

- Use functions only (no Pivot Tables)
- Ensure correct referencing

TASK 8:
IDENTIFY EXTREME VALUES

Find:

- Order with Highest Total Sales
- Order with Lowest Total Sales

Highlight these rows using formatting.

TASK 9:
TOP ORDERS ANALYSIS

- Sort data by Total Sales (Largest to Smallest)
- Extract Top 10 orders

Paste the result into a new sheet named **“Top Orders”**.

TASK 10:
FINAL REPORT SHEET

Create a new sheet named “Final Report” including:

- Total Sales
- Average Sales
- Total Orders
- Highest Sale
- Lowest Sale

Highlight these rows using formatting.
